

BLRB and BLSB Series

Integrated LED Bollard Specifications

Project _____

Date _____ Type _____

BLRB-xK22W-742

BLSB-xK22W-742

Description

BLRB/BLSB series round/square LED bollards bring added safety and pleasing aesthetics to commercial locations such as entryways, pathways, and perimeters. Diffused cone reflector projects downward light for ideal spacing, reduced pedestrian glare, and dark sky friendly uplight. Architectural-grade materials include diecast aluminum housing, powder coated to withstand outdoor conditions. Sealed polycarbonate lens prevents condensation and fogging. With better efficacy and reliability than traditional metal halides, the integrated LEDs eliminate the hassle of replacing bulbs and ballasts in older bollards.

Mechanical

- 42"x6.3" round/square form factors with extruded aluminum housing
- Architectural bronze (RAL 8019) powder coated finish provides superior resistance to corrosion and weathering
- Housing attaches to cast aluminum base plate and top hat assembly
- Tamper-proof concealed stainless steel fasteners
- Sealed polycarbonate lens to prevent condensation
- Installation kit sold separately for each form factor
- IK10 impact resistance
- Operating temperature of -40°-122° F (-40°-50° C)

Available Models

Round Style

- BLRB-30K22W-742
- BLRB-40K22W-742
- BLRB-50K22W-742

Square Style

- BLSB-30K22W-742
- BLSB-40K22W-742
- BLSB-50K22W-742

Part Number Breakdown

Example: BLRB-30K22W-742

Family	Bollard Design	Color Temperature	Wattage	Size
BL	RB [round] or SB [square]	30K [3000K] 40K [4000K] or 50K [5000K]	22W [22 W]	742 [6.3 in. diameter, 42 in. tall]

Electrical

- 120-277 VAC input
- 10 kV surge protection
- ≥0.9 power factor
- 0-10 V dimming
- Wiring connects using included weatherproof terminal block
- 50,000 hour rated (L70) LED lifetime

Photometrics

- Frosted internal cone reflector
- UV-resistant, gasketed polycarbonate lens provides optimal light transmission and environmental protection
- 360° x 22.5° beam angle
- 115+ lm/W
- Available in 3000K, 4000K, or 5000K at up to 1,850 lm
- 80+ CRI

Applications

These easily replace existing metal-halide, high-pressure sodium, and fluorescent bollards and are also great for new construction using the optional installation kit. They are great for building entryways and perimeters, walking paths, pedestrian plazas and parks, as well as any general path lighting in municipal, educational, residential, and commercial locations.

Installation Kit (sold separately)

- BLRB-BKT (for BLRB models)
- BLSB-BKT (for BLSB models)

Warranty

Five (5) Year Warranty

BLRK Series

Round Integrated LED Bollard with Louvers

Dimensional Drawing

Certifications and Compliances

These bollards are UL Listed in compliance with UL 1598. They are also IP65 rated for installation in wet environments.

Specifications

Model	BLRB		BLSB	
	3000K	4000K or 5000K	3000K	4000K or 5000K
Color Temperature	3000K	4000K or 5000K	3000K	4000K or 5000K
Brightness	2,530	2,640	2,530	2,640
Efficacy	115 lm/W	120 lm/W	115 lm/W	120 lm/W
Operating Voltage	120-277 VAC			
Power Consumption	22 W			
Current Draw	183 mA @ 120 VAC / 79 mA @ 277 VAC			
CRI	80+			
Dimming	0-10 V			
Beam Angle	symmetrical (360° H x 22.5° V)			
BUG Rating	B1-U3-G2			
Product Weight	11.4 lb (5.2 kg)		15.4 lb (7 kg)	
Environmental Rating	IP65			
Ambient Operating Temperature	-40°-122° F (-40°-50° C)			
Rated Life (L70)	50,000 hours
