

Even-Glow LED Panel Light Fixture

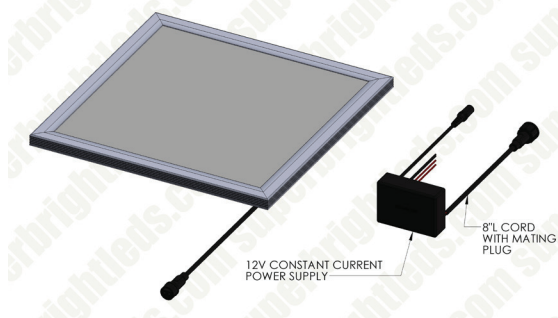

Light Panel Series

This 12-volt Even-Glow® LED light panel is designed for cargo trailers, toy haulers, enclosed trailers, mobile trailer shops, food trucks, RVs, boats, tiny house trailers, and solar lighting systems. The 1' x 1' panel light is also great for under-cabinet lighting, workbench lighting, and general room lighting. With Even-Glow® technology and an optical diffuser, the LED panel light delivers a smooth, flawless wall of illumination without visible bulbs or hot spots. Using 196 enhanced 2835 SMD LEDs, this panel light emits 3,000 lumens of natural white illumination. The LED light is capable of being driven at 35 watts but typically consumes just 32 watts of power. This energy-efficient LED panel operates within a wide 12-18 VDC range, has a sturdy aluminum alloy frame with white finish, and is designed to last 3 times longer than fluorescent panels. Includes a constant-current driver with plug-and-play barrel connector for easy connection to a CPS power supply.

Specifications

EG-CP-NW11-12V	
Input Voltage	12-18 VDC
Input Power	32 Watts
Input Current @ 120V	2360mA
Lumens	3000 lm
Color Temperature	3800K
CRI	81
Temperature Range	-4° - 113° F (-20° - 45°C)
Dimensions	L23.625" x W11.813" x H.535" (60 x 30 x 1.36cm)
Weight	3 lbs 6oz (1.54kg)
Warranty	2 years

INCLUDED PARTS

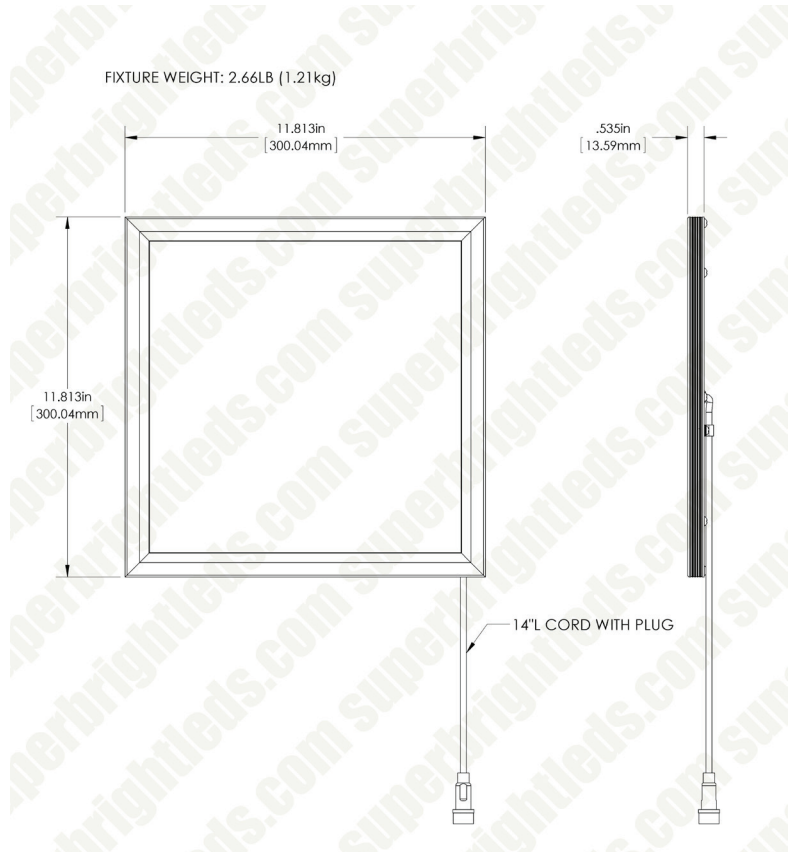

EG-CP-NW11-12V (Printed Panel Part Number)
 LP-NW3030-35-12V (Even-Glow Light Fixture)
