

Important: Read all instructions prior to installation.

LED Round Panel Light

Safety and Notes

- Product should be installed by a certified electrician in accordance with applicable national, state, and local building and electrical codes.
- To reduce the risk of electric shock, ensure that main power source and circuit breakers are switched off before performing any installation or wiring procedures.
- Ensure all mounts are securely attached and will support weight of the fixture. Failure to properly support the fixture may result in damage or injury, for which the manufacturer does not assume responsibility.

Installation Instructions

1. Turn off supply power.
2. Remove existing light and trim from can.
3. Attach spring clips to downlight.
Note: spring clips mounting position is different for 5" and 6" cans.
4. Connect light wiring to E26/E27 adapter and connect ground wire.
5. Screw adapter into socket.
6. Squeeze spring clips together and push light into can making sure it is securely held in place.
