

LED Panel Light

LED Even-Glow® Panel Light for Vehicles/Trailers

Designed for mobile applications, such as cargo trailers, food trucks, and boats—these 12-volt Even-Glow® LED panel lights emit 3,000 lumens of smooth illumination. The 1' x 1' and 1' x 2' panels have sturdy white-finished aluminum alloy frames. A constant-current driver is included with each panel light along with a plug-and-play barrel connector for easy connection.

Specifications

LP-NW3030-35-12V	
Intensity	3,000 Lumens
Comparable Incandescent Wattage	300 Watts
Total Power Consumption	32 Watts
Current Draw Max	.236 Amps
Color Temperature	3800K
Beam Angle	120 degree
CRI	>80 CRI
Number of LEDs in Unit	196 LEDs
LED Brand	Epistar 2835 SMD
Operating Voltage Range	12-18 VDC
Standards And Certifications	UL Listed, RoHS
Warranty	7 year

LP-NW6030-40-12V	
Intensity	3,000 Lumens
Comparable Incandescent Wattage	300 Watts
Total Power Consumption	38 Watts
Current Draw Max	.32 Amps
Color Temperature	3800K
Beam Angle	120 degree
CRI	>80 CRI
Number of LEDs in Unit	220 LEDs
LED Brand	Epistar 2835 SMD
Operating Voltage Range	9-18 VDC
Standards And Certifications	UL Listed, RoHS
Warranty	7 year
