

PRODUCT DESCRIPTION

Patent Number: US D807,572 S

Closet Rated

- Equipped with a small lock that allows the use of system fasteners and extrusion connectors
- Multiple applications
- ETL listed and approved for installation in all closet storage areas when factory built by KLUS as fixtures with 4.5w/ft or less.
- Designed to reach an IP67 waterproof rating

FINISH :

Silver anodized ☐

TECHNICAL SPECIFICATION

Application

- for use in interior architecture in numerous configurations
- small lock facilitates building long linear, suspended, and polygonal lighting fixtures
- the sealed version can be used in external applications

Assembly

- mounted to the surface with appropriate mounting adhesives, mounting springs or screws
- can be suspended using UCHO-ZM eye hangers, PUSZ system

Additional information

- the extrusion is suitable for bending into gentle arches, in the plane adjacent to the LED strip
- can be equipped with transparent and frosted covers, as well as aluminum-colored or metallized plastic end caps
- spece for LED strip: 0.55" / 14 mm

The side surfaces of the extrusion are smooth, without heat sinks. There is a 'small lock' on top of the extrusion which enables you to connect extrusions into extended polygonal lighting fixtures.

Extrusion bending with covers: HS, LIGER, KA, K-BIS

Minimum internal radius
400 mm / 157.5"

Minimum external radius
400 mm / 157.5"

- Minimum radius – bending radius which when exceeded causes destruction (deformation, bending or lack of compatibility with other accessories, e.g. covers, end caps, etc.) of the profile.
- Internal radius – refers to the extrusion bent so that the cover is facing the inside of the arch.
- External radius – refers to the extrusion bent so that the cover is facing the outside of the arch.
- Irregular curves are possible after consultation and individual quotation.
- When bending anodized extrusions, one should be aware of cracking of the anode coating (which may be more or less visible depending on the radius).

Possibility of making a linear fixture with IP67 protection, which means the fixture is dustproof and waterproof.
