

Statement Regarding RoHS

Super Bright LEDs, Inc. distributes component LEDs and LED products for various lighting solutions. Super Bright LEDs, Inc. certifies that all component LEDs and LED products are in compliance and conform to the European Union's Restriction of Use of Hazardous Substances (RoHS) in Electrical and Electronic Equipment Directive 2011/65/EU. The RoHS Directive restricts the use of certain substances included lead, mercury, cadmium, hexavalent chromium and certain halogenated flame retardants such as PBB and PBDE in electrical equipment and lighting technologies.

Super Bright LEDs, Inc. will have less than the RoHS limits stated below for the six restricted use substances by the EU RoHS directive July 21, 2011 deadline. This Declaration is based on our analysis, vendor supplied analysis or material certifications, and/or lab test results of the component raw materials used in Super Bright LEDs' product line in which the final manufacturer remains responsible for the compliance of the complete equipment used in these products.

Restricted Substances	Maximum Limit (parts per million)
Cadmium (Cd)	100
Lead (Pb)	1000
Mercury (Hg)	1000
Hexavalent Chromium (Cr ⁶⁺)	1000
Polybrominated Biphenyls (PBB)	1000
Polybrominated Diphenyl Ethers (PBDE)	1000
